## Term 2 2017

### Are books obsolete?

Are books out of fashion? Is television and film taking over? Our topic this term is looking at whether or not this is happening.

As we look at the characters and plot of different books and films we would like to know your opinion. You could share what you think, tell us about your favourite film or book or even complete a survey of your family's opinions.

### Sales Person of the Future!

- Can you design a brand new product to sell?
- Can you create an advert to make your classmates want to buy your product?
- How persuasive can you be?

Design a new product to advertise to the class. It could be anything you want: a new chocolate bar, a new electronic gadget, a new mode of transport, a new toy; the list is endless!

Draw and label a picture of your product (you could even make a model of it if you wish) and create an advert that will persuade your friends to buy your new product! If you're feeling brave, you could even pitch your product in front of the class!

### Music Appreciation

Everyone has their own preference when it comes to music, and your task is to share with the rest of the class your favourite 'Top Five' pieces. Remember to consider all styles, such as classical, folk, jazz, etc., as well as popular music of the day. Spend time listening to those CDs that have not been taken off the shelf for months, tune into a different radio station or quiz others to help you broaden your range.

Then be creative with how you present your 'Top Five', all-time favourites. Let's look forward to hearing and appreciating music of all different styles this term!

### Christmas Challenge

Pretend you are organising a traditional Christmas meal for a family of 5. Create a shopping list for all the goodies needed and then find out the cost of each item. Present your findings in the form of a 'bill' showing the total cost and the cost per person.

### Extend and Challenge

Maybe there is something else related to your learning you want to find out about, create and share with your friends in the classroom. Have fun!
