

Home Learning

Term 1 2017

Year 5

This term there will be three compulsory tasks which should be completed in the Home Learning Book and returned by Wednesday of the following week.

- **Week 1: set Friday 8th September and returned by Wednesday 13th September**
- **Week 3: set Friday 22nd September and returned by Wednesday 26th September**
- **Week 5: set Friday 6th October and returned by Wednesday 11th October**

For the other weeks of this term, children will be encouraged to complete one of the activities suggested below. These tasks are more 'open-ended' and the children can choose how best to present their learning – they could do it in their Home Learning book but they may choose to do it on a larger scale or to use ICT, for example. As with their learning in school, expectations of presentation and content are high.

Design and code another game based on a famous picture or the Maya using scratch. Consider what we've learned in class and use the same success criteria.

Scratch

What did the Maya eat (or not eat)? Create a Mayan menu and maybe try out some of the recipes. Come with photos, menu cards, tasting notes and entertain the class (or bring in a sample – if it's nice).

<http://mayas.mrdonn.org/food.html>

<http://www.ancient.eu/article/802/> - go down until you reach the section called Maya Crops and Food

Find out about the different members of the Felidae (cat) family.

Communicate your learning any way you like: top trump cards, poster, fact file, powerpoint presentation.

Taking our Rousseau artwork as a starting point, go wherever you like. Create poems, stories, artwork, music soundscapes, dance etc. Why not research his other paintings.
