

# Key Instant Recall Facts

## Year 1 – Summer 1

### I can tell the time.

By the end of this half term, children should know the following facts. The aim is for them to recall these facts **instantly**.

Children need to be able to tell the time using a clock with hands. This target can be broken down into several steps.

- ▶ I can tell the time to the nearest hour.
- ▶ I can tell the time to the nearest half hour.

#### Key Vocabulary

Twelve o'clock

Half past two

Children need to be able to count in 2's, 5's, 10's forwards and backwards to 100.

They need to be able to recognise and talk about the patterns in these numbers including odd and even numbers.

Children need to be able to form numbers correctly without reversing digits or place value.

#### Top Tips

The secret to success is practising **little** and **often**. If you would like more ideas, please speak to your child's teacher.

Talk about time - Discuss what time things happen. When does your child wake up? What time do they eat breakfast? Make sure that you have an analogue clock visible in your house or that your child wears a watch with hands.

Play "What's the time Mr Wolf?" – You could also give your child some responsibility for watching the clock :

Read books about time

Lots of counting practice in the car, walking to school or over the breakfast dinner table!
