Term 3 2018

Year 4

Fact Finding

In History, we are learning about Elizabethan England, specifically focussing on the life of William Shakespeare and the development of theatre in England. Your fact finding task is to discover some interesting facts about:

- William Shakespeare
- Elizabethan England
- Theatres

You could present these facts in any way you would like: a PowerPoint, a short talk, poster, or even a video. We can't wait to read your facts!

Compulsory Homework Dates

Friday 19th January

Friday 26th January

Friday 2nd February

Practise and Perform!

Find a short poem of your choice and rehearse reading it, using expression, gesture and tone of voice to 'bring the poem to life!'

Remember to practise 'projecting' your voice, so that everyone in an audience could hear you. You may like to try memorising the words of your poem. You may even wish to share your performance with the rest of the class. We would love to hear it!

Electrifying Electricity!

We have our science week this term, where we will be developing our understanding of how to conduct experiments. For the rest of the term, we will be learning about Electricity. Your challenge is to make a poster, a rap, a comic strip or a leaflet about the dangers of electricity and how to keep yourself safe. There are some great websites that could help you, e.g. www.switchedonkids.org.uk

Terrific Time

Being able to tell the time is really important and we use clocks to help us in so many different ways during the day. Can you tell the time to the nearest minute? **Make a game that will help you learn about time and please bring it in to show the class.** You could think about a real life situation where we use time, to help you come up with a good idea for the game (bus timetables, duration of TV programmes, daily routine, time to cook food, time zones around the world...). We look forward to playing your fun games!

Extend and Challenge

Maybe there is something else related to your learning you want to find out about, create and share with your friends in the classroom. Have fun!
