

Home Learning

Year 6

Term 3 2018

FArTHER

Being curious, What do you search out or what gets your mind and heart racing? What are you passionate about? Complete a simple CV outlining what you are great at and identifying your finest accomplishments to date.

Art and Design

Research Leonardo Da Vinci inventions and paintings. Can you create a design of your own in the same style? (Or you may have your own ideas). Use your imagination to design and draw. Present in a way that you choose.

Investigation

Investigate the story of the Wright brothers. Research their achievements and their unfunded project versus the government funded project led by Samuel Pierpont Langley.

Your child will receive compulsory home learning each week from now on to prepare them for secondary school.

WW2 - Local History Study

Research how WW2 affected your local area; you may even want to interview a family member who was affected by the war.

You can present this information in any way that you would like to: a poem, poster, newspaper article, even an interview etc.

Remember your non-negotiables and presentation.

Maths MyMaths

<https://www.mymaths.co.uk/>

We would like to encourage your child to revise and practise mathematical concepts covered in Terms 1 and 2.
